

APhA Delivering Medication Therapy Management Services

Dr. Dave Brackett

Thursday, August 10, 2023 8am- 4pm CT

PROGRAM OVERVIEW

APhA's Delivering Medication Therapy Management Services certificate training program presents a systematic approach for developing, implementing, delivering, and sustaining MTM services. It includes an overview of the marketplace for delivering MTM services, guidance for implementing MTM services in pharmacy practice, a review of the essential skills and knowledge needed for performing MTM successfully, and an organized process for identifying medication-related problems. The purpose of this certificate training program is to prepare pharmacists to improve medication use through the delivery of MTM services in a variety of practice settings.

The registration fee for this program is \$400.

Following registration, participants will have access to course instructions, updates, presentations, webinar link, program evaluation, CE certificates and credits, etc. **This program is approved for 21 ACPE Contact Hours, 2.1 CEUs.** Once credit is awarded, transcripts will be available online within 24 hours on the learner's CPE Monitor profile at <http://nabp.pharmacy/>.

The Office of Alumni and Professional Affairs strongly encourages each participant to check their profile online within 60 days of attendance to ensure credit has been awarded properly. ACPE will not accept CE submissions after 60 days from the live seminar date.

Auburn's Harrison College of Pharmacy (HCOP) is an APhA licensed partner. A HCOP instructor will facilitate APhA's activities related to this program. Participants will register for the program through this HCOP CE website, which will provide the information to access and complete program materials through APhA's website.

TARGET AUDIENCE

This knowledge-based program is intended for Pharmacists (ACPE).

LEARNING OBJECTIVES

- Advance public health and patient care through improved medication use.
- Provide training to enhance pharmacists' ability to effectively provide MTM services.
- Motivate increased numbers of pharmacists to establish MTM services.
- Communicate benchmark practices for providing MTM services.

ACTIVITY COMPLETION REQUIREMENTS

To obtain 21.0 contact hours of CPE credit (2.1 CEUs) for APhA's Delivering Medication Therapy Management Services program, the learner must complete the home study materials, full attendance of live seminar, successful completion of the post seminar case exercise component, completion of the live seminar online evaluation, and achieving a passing grade of 70% or higher on the final assessment. Participants will need to have a valid APhA (pharmacist.com) username and password, as well as a CPE Monitor account to claim credit. After credit has been claimed, please visit CPE monitor for your transcript. The Certificate of Achievement will be available online upon successful completion of the necessary activity requirements on the participant's My Training. Please contact hsopce@auburn.edu if you have any questions or needs related to this online CE program.

FACULTY DISCLOSURES

Programming in with AUHCOP is in any way involved, whether as sole provider or joint-providership, shall exhibit fair content balance, providing the audience with information of multiple perspectives from which to form a professional opinion. In addition, the fair balance will assure than information provided does not discuss since commercial product. Brand names of all products included in the content may be mentioned for identification purposes only.
