Practical Training for Identifying and Addressing SDoH in Individuals with Diabetes

Drs. Connell, Downey, Galdo, Kavookjian

May 11, 2024, 9:00 AM- 12:00 PM CT in Auburn, AL

PROGRAM OVERVIEW

This course will equip the audience to identify and address social needs in patients with diabetes. The audience will learn strategies to identify individuals with diabetes and link them with local resources within their practice site workflow. They will also receive social determinants of health screening training to increase knowledge and comfort with identifying and addressing individualized patient needs. There is no registration fee for this program.

Following registration, participants will have access to course instructions, updates, presentations, webinar link, program evaluation, CE certificates and credits, etc. **This program is approved for 3 ACPE Contact Hours, .3 CEUs.** Once credit is awarded, transcripts will be available online within 24 hours on the learner's CPE Monitor profile at <http://nabp.pharmacy/>.

The Office of Alumni and Professional Affairs strongly encourages each participant to check their profile online within 60 days of attendance to ensure credit has been awarded properly. ACPE will not accept CE submissions after 60 days from the live seminar date.

This program was funded by a grant provided by the Centers for Disease Control and Prevention, No. 1NU58DP007399-01-00 - A Strategic Approach to Advancing Health Equity for Priority Populations with or at Risk for Diabetes, under a subcontract with the Alabama Department of Public Health.

TARGET AUDIENCE

This application-based program is intended for Pharmacists (ACPE).

LEARNING OBJECTIVES

- Review social determinants of health and their impact on health outcomes in individuals with diabetes
- Examine strategies for identifying individuals with diabetes within the clinical workflow
- Compare available tools for screening for social determinants of health
- Identify approaches to linking patients with resources that address social determinants of health.
- Compare and discuss the strengths and limitations of various approaches to identifying local resources to address social determinants of health.
- Provide constructive feedback on county-specific resource guides.
- Review strategies for performing social determinants of health screening
- Practice patient-centered screening for social determinants of health
- Consider methods for providing follow-up for patients referred to local resources
- Recognize barriers and facilitators to identifying and addressing social risks

ACTIVITY COMPLETION REQUIREMENTS

To complete the steps for CE credit, each attendee will be required to complete the pre-program survey, access and review program materials located within the online course, attend the live in-person webinar, complete the post-program survey, enter the attendance code within the course that was provided at the conclusion of the program, complete the program evaluation within the online course, and claim credit within the course. Please contact hcopce@auburn.edu if you have any questions or needs related to this online CE program..

FACULTY DISCLOSURES

Programming with AUHCOP is in any way involved, whether as sole provider or joint-providership, shall exhibit fair content balance, providing the audience with information of multiple perspectives from which to form a professional opinion. In addition, the fair balance will assure that information provided does not discuss a commercial product. Brand names of all products included in the content may be mentioned for identification purposes only. Presenters in any continuing education offering will acknowledge and disclose any affiliation with the provider and such information will be made available to the audience. Faculty disclosures will also be included on an introductory slide during the presentation. Drs. Connell, Downey, Galdo, and Kavookjian have no actual or potential conflict of interest in relation to this program.

ACCREDITATION INFORMATION

The Auburn University Harrison College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider for continuing pharmacy education; credits are recognized nationwide. The Universal Activity Number for this knowledge-based program is 0001-9999-24-016-LO1-P and is intended for pharmacists.

PROGRAM FACULTY

Dr. Carol Connell, MS, Ph.D., is the Interim Extension Specialist in the Department of Nutritional Sciences at the Auburn University College of Human Sciences. She received her Ph.D. in Nutrition and Food Systems from the University of Southern Mississippi. Her research focuses on working with multi-disciplinary teams to assess nutrition and health concerns among rural and/or low-income populations and then develop and test theory-based, community nutrition and physical activity programs for efficacy and effectiveness using mixed methods research. Dr. Connell's other research interests include food insecurity, food access, and the intersection of these with health and health disparities both in children and adults.

Dr. Laura Downey, is the Associate Dean for Extension in the College of Human Sciences at Auburn University and the Assistant Director for Human Sciences Extension Programs with the Alabama Cooperative Extension System. She received her doctorate from the University of Kentucky and her M.S. and B.A. from Auburn University. Since returning to Auburn University in 2022, she has provided overall leadership for Human Sciences Extension programs. Before taking her current position, Dr. Downey was a professor and Extension specialist in the School of Human Sciences at Mississippi State University, where she led Extension program planning and evaluation efforts. Central to her work is a collaborative approach that engages Extension professionals, university students and faculty, community members, informal and formal leaders, and other community-based professionals as co-learners. Dr. Downey specializes in program development and evaluation with specialization in the development and evaluation of health education programs.

Dr. Jake Galdo is a co-founder and CEO of Seguridad. Seguridad's Choose My Pharmacy develops and implements quality measures specified to evaluate the quality and safety of a community pharmacy. Additionally, Dr. Galdo is the Managing Network Facilitator for CPESN Health Equity, a Special Purpose Network of CPESN focused on addressing health-related disparities. Within these roles, he consults on the delivery health equity services, practice transformation to local communities, and advancement of community pharmacies, pharmacists, and pharmacy technicians. He also spends his professional time staffing in a neighborhood community pharmacy, developing innovative clinical services, and representing the profession of pharmacy on various boards and advisory committees for regional and national organizations. Dr. Galdo has previous experiences in association management, quality measure development, continuing education, academia, clinical trial recruitment, and community pharmacy practice. He received his Doctor of Pharmacy and completed PGY-1 Community Pharmacy Residency training from the University of Georgia, earned a Master of Business Administration from Samford University, and is board certified in both pharmacotherapy and geriatrics.

Dr. Jan Kavookjian, Ph.D. joined the faculty of the Harrison College of Pharmacy in June 2006 and currently serves as an associate professor in the Department of Health Outcomes Research and Policy. Dr. Kavookjian has been named a Fellow of APhA (2018) and ADCES (2020). In addition to her faculty role, she also is a National Diabetes Prevention Program (DPP) Lifestyle Coach and was elected as the 2022 President of the Association of Diabetes Care and Education Specialists.
