HEART OF THE MATTER: TACKLING CHRONIC CORONARY DISEASE

Dr. Emily McCoy

Recorded Webinar

PROGRAM OVERVIEW

Chronic coronary disease (CCD), formerly known as "stable ischemic heart disease," encompasses a diverse range of conditions, including both obstructive and nonobstructive coronary artery disease (CAD), with or without a history of myocardial infarction (MI) or revascularization. It also includes ischemic heart disease diagnosed solely through noninvasive testing and chronic angina syndromes arising from various underlying causes. Approximately 20 million people in the United States live with CCD, and it remains a leading cause of death. This presentation will review current treatment guidelines, discuss the literature evaluating safety and efficacy of various therapies, including antithrombotic agents, for the treatment of CCD. The registration fee for this program is \$25.

Following registration, participants will have access to course instructions, updates, presentations, webinar link, program evaluation, CE certificates and credits, etc. **This program is approved for 1 ACPE Contact Hours, .1 CEUs.** Once credit is awarded, transcripts will be available online within 24 hours on the learner's CPE Monitor profile at <http://nabp.pharmacy/>. This program had been approved by the Alabama Board of Pharmacy for consultant credit hours. **This program is also approved by ABN.**

The Office of Alumni and Professional Affairs strongly encourages each participant to check their profile online within 60 days of attendance to ensure credit has been awarded properly. ACPE will not accept CE submissions after 60 days from the live seminar date.

This program is not sponsored by an external organization.

TARGET AUDIENCE

This knowledge-based program is intended for Pharmacists (ACPE) and Nurses (ABN).

LEARNING OBJECTIVES

1. Discuss the importance of a collaborative, multidisciplinary, and patient-centered care approach in the management of chronic coronary disease.
2. Evaluate recent clinical trial data and current guidelines related to the use of pharmacologic therapies in chronic coronary disease.
3. Discuss strategies for optimizing pharmacologic treatment regimens to improve patient outcomes in chronic coronary disease.

ACTIVITY COMPLETION REQUIREMENTS

To complete the steps for CE credit, each attendee will be required to access and review program materials located within the online course, watch the recorded webinar, take the quiz, complete the program evaluation within the online course, and claim credit within the course. Please contact hcopce@auburn.edu if you have any questions or needs related to this online CE program.

ACCREDITATION INFORMATION

The Auburn University Harrison College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider for continuing pharmacy education; credits are recognized nationwide. The Universal Activity Number for this knowledge-based program is 0001-0000-24-026-H01-P and is intended for pharmacists. The initial release date for this home-study program is July 15, 2024, and the intended expiration date is July 15, 2027.

Auburn University Harrison School of Pharmacy is a Board approved provider of continuing nursing education in Alabama by the Alabama Board of Nursing. Provider Number: ABNP1515.

FACULTY DISCLOSURES

Programming in with AUHCOP is in any way involved, whether as sole provider or joint-providership, shall exhibit fair content balance, providing the audience with information of multiple perspectives from which to form a professional opinion. In addition, the fair balance will assure that information provided does not discuss a commercial product. Brand names of all products included in the content may be mentioned for identification purposes only. Presenters in any continuing education offering will acknowledge and disclose any affiliation with the provider and such information will be made available to the audience. Faculty disclosures will also be included on an introductory slide during the presentation. Dr. McCoy has no actual or potential conflict of interest in relation to this program.

PROGRAM FACULTY

Emily McCoy, Pharm.D., FCCP, BCACP is an Associate Clinical Professor in the Auburn University Harrison College of Pharmacy's Department of Pharmacy Practice and an Adjunct Assistant Professor in the Department of Internal Medicine at the University of South Alabama College of Medicine. She also currently serves as the interim assistant dean for the Mobile campus and for Student Success. In this role, she coordinates various aspects of student life on the Mobile Campus. In partnership with the Mobile Campus Curricular Coordinator, she demonstrates a strong student-centered focus to ensure every student has unparalleled, world-class, and profound opportunities for personal, intellectual, and professional growth while a student at HCOP. As part of her role in Student Success, Dr. McCoy developed and directs the HCOP Peer Coaching Program, which is intended to provide students with individual and group support throughout the didactic portion of the Practice Ready Curriculum (PRC). Dr. McCoy graduated with her Doctor of Pharmacy degree from the University of Tennessee Health Science Center in Memphis, Tennessee in 2008. She completed a residency in ambulatory care with a focus in academia in Memphis with the UT-St. Francis Family Medicine residency program and became Board Certified in Ambulatory Care Pharmacy (BCACP) in 2011. Dr. McCoy joined the Auburn faculty in August 2009 and has been heavily involved in the development, delivery, and coordination of the PRC, and she served as the course coordinator for the P2 Fall semester for five years.

Dr. McCoy is active in several national pharmacy organizations including the American Society of Health-System Pharmacists (ASHP), American Association of Colleges of Pharmacy (AACP), and the American College of Clinical Pharmacy (ACCP). She also currently serves as faculty for the ACCP/ASHP BCACP Review and Recertification Course.

POST-GRADUATE EDUCATION ADVISORY COMMITTEE

Spencer Durham, Pharm.D., BCPS, BCIDP
Associate Clinical Professor, Director of Alumni & Professional Affairs

Jack DeRuiter, Ph.D.
Alumni Professor, Drug Discovery and Development

Natalie Hohmann, Pharm.D., Ph.D.
Alumni Professor, Drug Discovery and Development

Amal Kaddoumi, Ph.D.
Professor, Drug Discovery and Development

Erika Kleppinger, Pharm.D., BCPS
Associate Clinical Professor, Pharmacy Practice

Kristen Korankyi, Pharm.D.
Assistant Clinical Professor, Pharmacy Practice

Amit Mitra, Ph.D.
Assistant Professor, Drug Discovery and Development

Sylvia Rogers, Ph.D.
Senior Instructional Designer, Faculty Affairs and Strategic Initiatives

Brianna Foster
Program Administrator, Alumni and Professional Affairs

Tanja Redd, MBA, Ph.D.
Program Coordinator, Alumni and Professional Affairs

Members of the Post-Graduate Education Advisory Committee have completed a conflict-of-interest disclosure form and have no actual or potential conflicts of interest in relation to this program.
