# Recorded Treatment of Community-Acquired Pneumonia

## Dr. Taylor Steuber

### Recorded Webinar

## PROGRAM OVERVIEW

This presentation will review the diagnosis and recommended treatment of community acquired pneumonia for all practice settings as well as treatment considerations when selecting appropriate therapy. Furthermore, strategies to promote antimicrobial stewardship in the treatment of community acquired pneumonia will be discussed. There is no registration fee for this program.

Following registration, participants will have access to course instructions, updates, presentations, recorded webinar, assessment, program evaluation, CE certificates and credits, etc. **This program is approved for 1.0 ACPE Contact Hours, .1 CEUs.** Once credit is awarded, transcripts will be available online within 24 hours on the learner's CPE Monitor profile at <http://nabp.pharmacy/>. **This program is also approved by ABN and ACCME.**

*The Office of Alumni and Professional Affairs strongly encourages each participant to check their profile online within 60 days of attendance to ensure credit has been awarded properly. ACPE will not accept CE submissions after 60 days from the live seminar date.*

*This program is sponsored through a grant from the Alabama Department of Public Health, Bureau of Communicable Disease Infectious Diseases and Outbreaks through a Cooperative Agreement with the Centers for Disease Control and Prevention, grant number 6 NU50CK000545-03-02, Strengthening HAI/AR (SHARP) CFDA 93.323.*

# TARGET AUDIENCE

This knowledge-based program is intended for Pharmacists (ACPE), Physicians (ACCME), Physician Assistants (ACCME), Nurse Practitioners (ABN), and Nurses (ABN).

# LEARNING OBJECTIVES

- Differentiate community acquired pneumonia from common upper respiratory tract infections
- Identify risk factors for MRSA and Pseudomonas in a patient with community-acquired pneumonia
- Select appropriate antibiotics for a patient with community acquired pneumonia
- Formulate treatment plans for a patient with community-acquired pneumonia, incorporating antimicrobial stewardship principles

# ACTIVITY COMPLETION REQUIREMENTS

To complete the steps for CE credit, each attendee will be required to access and review program materials located within the online course, review the recorded webinar presentation, successfully pass the quiz, complete the program evaluation within the online course, and claim credit within the course. Please contact [hcopce@auburn.edu](mailto:hcopce@auburn.edu) if you have any questions or needs related to this online CE program.

# FACULTY DISCLOSURES

Programming in with AUHCOP is in any way involved, whether as sole provider or joint-providership, shall exhibit fair content balance, providing the audience with information of multiple perspectives from which to form a professional opinion. In addition, the fair balance will assure that information provided does not discuss a commercial product. Brand names of all products included in the content may be mentioned for identification purposes only. Presenters in any continuing education offering will acknowledge and disclose any affiliation with the provider and such information will be made available to the audience. Faculty disclosures will also be included on an introductory slide during the presentation. Dr. Steuber has no actual or potential conflict of interest in relation to this program.

# ACCREDITATION INFORMATION

The Auburn University Harrison College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider for continuing pharmacy education; credits are recognized nationwide. The Universal Activity Number for this application-based program is 0001-9999-24-052-H01-P and is intended for pharmacists. The initial release date for this home-study program is November 13, 2024 and the intended expiration date is November 13, 2027.

ABN - Auburn University Harrison School of Pharmacy is a Board approved provider of continuing nursing education in Alabama by the Alabama Board of Nursing. Provider Number: ABNP1515

ACCME - Huntsville Hospital designates this live activity for a maximum of 1.0 *AMA PRA Category 1 Credit(s)*<sup>TM</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Medical Association of the State of Alabama through the joint providership of Huntsville Hospital and Auburn University Harrison College of Pharmacy. Huntsville Hospital is accredited by the Medical Association of the State of Alabama to provide accredited continuing education for physicians.

## PROGRAM FACULTY

**Dr. Taylor Steuber** graduated from the UMKC School of Pharmacy in 2014, and completed a 24-month pharmacotherapy specialty residency with Indiana University Health and Butler University College of Pharmacy and Health Sciences in Indianapolis, Indiana. After residency, he joined the faculty at Auburn University Harrison College of Pharmacy in August 2016 where he worked for 6.5 years as an associate clinical professor in the department of pharmacy practice and as the assistant director of professional programs. Dr. Steuber transitioned closer to home and joined the faculty at his alma mater, the University of Missouri - Kansas City at MU School of Pharmacy in Columbia, Missouri in January 2023. He is currently a clinical associate professor in the division of pharmacy practice and administration and practices at University Hospital with the University of Missouri as an internal medicine clinical pharmacy specialist where he teaches and precepts students and residents. Dr. Steuber is a board certified specialist in pharmacotherapy since 2015. He is an active member of the American College of Clinical Pharmacy (ACCP) and the American Association of Colleges of Pharmacy (AACCP). He has authored more than 30 peer-reviewed publications, 50 meeting posters, and has received funding through the Center for Evidence-based Policy with Oregon Health and Science University as well as the Alabama Department of Public Health. His practice and scholarship interests include infectious diseases, antimicrobial stewardship, and the scholarship of teaching and learning.
