Recorded Advancing Tobacco and Nicotine Cessation Strategies for Low Socioeconomic Communities in Alabama

Drs. Miranda Andrus and Natalie Hohmann

Recorded Webinar

PROGRAM OVERVIEW

This webinar will provide information for primary care providers and pharmacies on how to help patients quit smoking and vaping. There is no registration fee for this program.

Following registration, participants will have access to course instructions, updates, presentations, recorded webinar link, program evaluation, CE certificates and credits, etc. **This program is approved for 1.0 ACPE Contact Hours, .1 CEUs.** Once credit is awarded, transcripts will be available online within 24 hours on the learner's CPE Monitor profile at <http://nabp.pharmacy/>. **This program is also approved by ABN, ABSWE, ACCME, BDEA.**

The Office of Alumni and Professional Affairs strongly encourages each participant to check their profile online within 60 days of attendance to ensure credit has been awarded properly. ACPE will not accept CE submissions after 60 days from the live seminar date.

Funding for this webinar was made possible in part by grant number 6 NU58DP006790-05-02, CFDA 93.387 from the Alabama Department of Public Health (ADPH) Bureau of Prevention, Promotion, and Support's Tobacco Prevention and Control Branch through a cooperative agreement with the Centers for Disease Control and Prevention (CDC). The views expressed in written webinar materials or publications and by speakers and moderators do not necessarily reflect the official policies of the ADPH or CDC nor does mention of trade names, commercial practices, or organizations imply endorsement by the U.S. Government.

TARGET AUDIENCE

This knowledge-based course is intended for PCPs in and community pharmacists serving low socioeconomic status communities in AL, including Pharmacists (ACPE), Pharmacy Technicians (ACPE), Physicians (ACCME), Physician Assistants (ACCME), Nurse Practitioners (ABN), Dentists (BDEA), Nurses (ABN), and Social Workers (ABSWE).

LEARNING OBJECTIVES

1. Assess the prevalence and impact of tobacco, nicotine, and electronic cigarette use in low socioeconomic status communities.
2. Explain the pathophysiology of nicotine addiction and withdrawal.
3. Compare and contrast current FDA-approved medications for smoking and nicotine cessation.
4. Identify effective counseling strategies for patients ready to quit nicotine.
5. Identify resources to assist patients with low socioeconomic status to quit nicotine.

ACTIVITY COMPLETION REQUIREMENTS

To complete the steps for CE credit, each attendee will be required to access and review program materials located within the online course, watch the recorded webinar, complete the program evaluation within the online course, and claim credit within the course. Please contact hcopce@auburn.edu if you have any questions or needs related to this online CE program.

FACULTY DISCLOSURES

Programming in with AUHCOP is in any way involved, whether as sole provider or joint-providership, shall exhibit fair content balance, providing the audience with information of multiple perspectives from which to form a professional opinion. In addition, the fair balance will assure that information provided does not discuss a commercial product. Brand names of all products included in the content may be mentioned for identification purposes only. Presenters in any continuing education offering will acknowledge and disclose any affiliation with the provider and such information will be made available to the audience. Faculty disclosures will also be included on an introductory slide during the presentation. Drs. Andrus, Hohmann, and others in control of content have no actual or potential conflict of interest in relation to this program.

ACCREDITATION INFORMATION

The Auburn University Harrison College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider for continuing pharmacy education; credits are recognized nationwide. The Universal Activity Number for this knowledge-based program is 0001-9999-25-20-H01-P/T and is intended for pharmacists and pharmacy technicians. The initial release date for this program is August 4, 2025, and the intended expiration date is August 4, 2028.

ABN - Auburn University Harrison School of Pharmacy is a Board-approved provider of continuing nursing education in Alabama by the Alabama Board of Nursing. Provider Number: ABNP1515

ABSWE - Auburn University Harrison School of Pharmacy is a Board-approved provider of continuing education for social workers by the Alabama Board of Social Work Examiners. Provider Number: 0643.

ACCME - Huntsville Hospital designates this live activity for a maximum of 1.0 *AMA PRA Category 1 Credit(s)*_{TM}. Physicians should claim only the credit commensurate with the extent of their participation in the activity. This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Medical Association of the State of Alabama through the joint providership of Huntsville Hospital and Auburn University Harrison College of Pharmacy. Huntsville Hospital is accredited by the Medical Association of the State of Alabama to provide continuing medical education for physicians.

Disclosure statement:

No individuals in a position to control content for this activity have any relevant financial relationships to declare. There is no commercial support being received for this activity.

PROGRAM FACULTY

Dr. Miranda Andrus currently serves as Clinical Professor of Pharmacy Practice with Auburn University Harrison School of Pharmacy and Clinical Professor of Family Medicine with the University of Alabama-Birmingham (UAB) School of Medicine in Huntsville. Dr. Andrus earned a Doctor of Pharmacy degree, graduating Magna Cum Laude, from the Samford University McWhorter School of Pharmacy in 1999. She completed a post-graduate specialty residency in Primary Care at the Durham VA Medical Center and UNC-Chapel Hill School of Pharmacy in 2000. In 2002, Dr. Andrus became a Board Certified Pharmacotherapy Specialist. Dr. Andrus is currently (2018-2021) serving as treasurer on the board of regents of the American College of Clinical Pharmacists (ACCP). She served as chair of the ACCP Education and Training Practice and Research Network in 2006-2007 and has served on numerous ACCP national committees. In 2009 she received the distinction of Fellow of the American College of Clinical Pharmacy (FCCP).

Natalie Hohmann, Pharm.D., Ph.D., joined the Harrison School of Pharmacy as an assistant professor in the Department of Pharmacy Practice on October 1, 2019. In her role, she will promote clinical and translational science research within the school. Dr. Hohmann's research uses mixed methods and decision science to develop point-of-care tools that help patients and their caregivers/providers make better healthcare decisions. Her research interests include: risk communication, developing shared decision-making tools, incorporating patient preferences into treatment decisions, and improving quality of care in older adult populations. After earning a bachelor's degree in cell and developmental biology from the University of California at Santa Barbara in 2008, Dr. Hohmann went on to complete her Pharm.D. at the University of California San Diego Skaggs School of Pharmacy and Pharmaceutical Sciences in 2012. After spending several years in practice, Dr. Hohmann came to Auburn, completing her Ph.D. in pharmaceutical sciences from the Harrison School of Pharmacy in 2019. While at HSOP, she studied in the Health Outcomes Research and Policy option. Her doctoral dissertation, "Incorporating Patient Input into Value-based Community Fall Prevention for Older Adults: Evaluating Patient Preferences and Willingness to Pay," was funded by an American Foundation for Pharmaceutical Education (AFPE) Pre-Doctoral Fellowship. Dr. Hohmann is certified in Medication Therapy Management (MTM) by American Pharmacists Association (APhA). She is also active within APhA, the American Association of Colleges of Pharmacy (AACP), and the International Society for Pharmacoeconomics and Outcomes Research (ISPOR).

TECHNOLOGY REQUIREMENTS

Participants are encouraged to secure a direct connection for all webinar programming. Please arrange for access to a computer with stable internet connection and Zoom capabilities. This program will be conducted via Zoom and includes interactive components.

If you're a new participant, we have a quick start guide here: <https://aub.ie/zoomquickstart>.
